LITERATURE OF THE DAY. limbs have failen. Under this old tree, Po-Complegne, the road by which the Princess Still, it is questionable whether either of passed, seemed to be strewed with flowers. Paris almost leaped for joy. The civil coretic enough to have been the royal ground

THE GERMAN COOKERY SCHOOL

I was sixteen years of age, and, account cause the very highest specimens of Barb is called a cookery school, in order to learn Arab, like the very highest specimens of these everything that is expected from a our Euglish race-horse, must be few and German housewife. This custom is not far between. Had our wealthy breeders universal in Germany, but it prevalls in persevered, other accidental wonders, once and again, might have fallen into their western provinces. A girl may be a Couneven short of that, valuable tess or a Baroness, a dergyman's or a Gen qualities would have kept infusing them-selves into horses of every description, to-gether with an unfailing flow of Eastern where she has been born, or what her rank bloods. To show how much accident has is. The manners of her country require Barb, Arab, or a mixture of all three, no-body. He was not regularly trained, and dergo this training. Very many, as may be far from being in racing condition; he was, imagined, shirk it, and some parents do not therefore, naturally thought nothing of at feel the necessity of imposing this useful first. But, to the astonishment of the mill- education on their daughters. Yet the good tary mind, when races were established sense of the majority makes them alice to there under high. Newmarket superin-
